

# GREEN HYDROGEN TECHNOLOGIES SUPPORTING THE ENERGY TRANSITION: MATCHING USES WITH CONTEXT

First Green Hysland Workshop – Island of Cres (HR)  
and online  
26 April 2022

10:30 – 10:45	<p>Introductory remarks</p> <p><b>Darko Jardas, REA Kvarner (HR)</b></p> <p><b>Ugo Toić, Island Development Agency - OTRA (HR)</b></p> <p><b>Kristina Čelić, Director, Directorate for Energy, Croatian Ministry of Economy and Sustainable Development</b></p>
10:45 – 10:55	<p>Green Hysland: Deployment of a H2 Ecosystem in Mallorca</p> <p><b>Maria Jaén Caparros, Enagás (ES)</b></p>
10:55 – 11:05	<p>ISLANDER project: The role of hydrogen in the Borkum island decarbonisation</p> <p><b>Jesús Buzón Moreno, IDENER (ES)</b></p>
11:05 – 11:15	<p>EMEC, the role of Hydrogen in an Island environment</p> <p><b>Matthew Storey, EMEC (UK)</b></p>
11:15 – 11:25	<p>HEAVENN: a green hydrogen chain in the Northern Netherlands</p> <p><b>Patrick Cnubben, New Energy Coalition (NL)</b></p>
11:25 – 11:35	<p>Activities of Municipality of Velenje to become a Hydrogen Valley</p> <p><b>Boštjan Krajnc, KSSENA (SI)</b></p>
11:35 – 12:00	<p>Q&amp;A session</p>

12:00 – 12:15

Break

12:15 – 12:25

Status and perspectives of hydrogen technologies in EU and in Croatia

**Frano Barbir, Faculty of electrical and mechanical engineering and naval architecture, University of Split (HR)**

12:25 – 12:35

Green Hydrogen production in INA

**Kristina Crnković-Gjukić, INA, d.d. (HR)**

12:35 – 12:45

Waste2Hydrogen plant for European Islands

**Nada Dizdarević, DOK-ING Energo Ltd. (HR)**

12:45 – 12:55

Smart, decentralized, waste-to-hydrogen ecosystems for a sustainable, Zero-carbon future

**Ivana Chaux-Jukić, Active Solera (HR)**

12:55 – 13:15

Q&A session
