Ms. Lola Storch. Head of the Innovation Department at Redexis

Mr. Miguel Mayrata. Head of Business Diversification at Redexis

#### 12:45-13:50 Closing of the GREEN HYSLAND Workshop

Ms. Isabel Pascual. AeH<sub>2</sub> Technical Secretariat

### 13:50– 14:00 Q&A

**Power to Green Hydrogen Mallorca**  
First industrial-scale green hydrogen generation project in Spain

### Complejo Duques de Pastrana

At Paseo de la Habana, in Madrid, lies the Duques de Pastrana Complex, a spectacular Macro-complex of spaces and gardens. This enclave's versatility and capacity make it an ideal location for the European Hydrogen Energy Conference 2022.

Multiple rooms, terraces, an auditorium with a seating capacity of 500, three adjoining rooms and a large stage, a

multipurpose pavilion (an open space of 1000 square meters), a dining room, classrooms, and exposition halls comprise the complex.

Among the complex's highlights are an 1860 palace, which was declared a cultural monument in 1949 and is known for its elegant and distinguished facade with balconies, stunning columns, and beautiful gardens.
